

Derya Kurt

PRODUCT DESIGNER

EXPERIENCE

2021 - 2022

ONE PLACE

PRODUCT DESIGNER

Gathered initial user and industry research for One Place, a Psychedelic industry community. Embedded myself in the psychedelic and mental health industries in order to better understand users and stakeholders in this emerging and misunderstood market. Attended conferences and conducted multiple user interviews to generate personas and gather requirements. Created low and high fidelity wireframes for One Place's upcoming website and mobile app using Adobe Creative Suite and Figma.

2017 - 2019

APPLE

MAP ANALYST (CONTRACT)

Research, analysis, live data entry, quality assurance and improvement for transit- and map-related data around the world in English, Dutch, and French languages. Verified, analyzed, translated, and entered incident and map boundary information to help millions of people worldwide get where they needed to go quickly and efficiently at scale.

2005 - 2015

CONSULATE GENERAL OF THE NETHERLANDS ADMINISTRATIVE ASSOCIATE

Performed various administrative duties for Visa applications. Handled incoming calls, administrative duties, and sales. Organized work-related events for other consulate employees. Worked with high-ranking international government officials and sensitive information. Also performed tasks at the Dutch Diplomatic Mission Towards the UN.
